

ShampooTecs

All good things come in threes.
Best of all in one shampoo.

ShampooTecs is the best performance special shampoo for car washes and guarantees outstanding washing results. Thanks to its sophisticated composition of high-quality raw materials, it ensures unbeatable cleaning and foaming performance. Due to its high proportion of effective detergents and wetting ability, it achieves excellent results when cleaning all types of dirt, not just the car, but also the washing materials remain clean at all times with ShampooTecs.
